SUMMARY

Front-End Developer with strong skills in JavaScript, React, and building responsive, user-friendly interfaces. Passionate about creating fast, scalable web applications and eager to contribute to real-world projects while continuously improving problem-solving and debugging abilities.

SKILLS

Languages: JavaScript, Python, SQL

Technologies: HTML, CSS, React.js, MySQL, Git/GitHub

Other Skills : Manual Testing & Debugging, Bug Reporting, Test Case Design, Responsive Design

PROJECTS

E-Commerce Website, (Freelance Project)   June 2024 – Aug 2024

- Created a **responsive E-commerce platform** with cart and checkout features.
- Built secure REST APIs using **Express and MongoDB** with JWT authentication.
- Integrated **Stripe API** for payment processing and cart persistence via localStorage.
- Implemented **search and filter functionality** for better product discovery.

Music Player Web App, (Freelance Project)   Sept 2024 – Oct 2024

- Developed a **mobile-friendly music player** with animated transitions.
- Integrated **RapidAPI** for live music data (charts, artists, previews).
- Used **React Router DOM** and **Redux Toolkit** for navigation and state management.
- Optimized **performance and caching** for smoother playback experience.

Real-Time Chat Application, (Personal Project)   May 2025 – June 2025

- Built a **real-time one-to-one chat system** using Socket.io and MongoDB.
- Designed **responsive UI with Tailwind CSS** supporting light/dark modes.
- Implemented **live message updates** and conversation summaries.
- Added **secure authentication and session management** for user privacy.

EDUCATION

University Of Mysore, MBA in IT (Distant Learning)   2024 – Present | Expected Graduation: 2026

Vellore Institute of Technology, BCA in Computer Science   Oct 2020 – July 2023

- GPA: 7/10.0

CERTIFICATIONS

Python Programming (3-Month Certification, 2024)   Nov 2024 - Jan 2025

Full-Stack Web Development (3-Month Certification, 2025)   Feb 2025 - May 2025
